Education:

Indiana University Purdue University Indianapolis, Indianapolis, Indiana May 2014

- Certificate: Computer Information Technology, Web Development
- Degree GPA: 3.80

San Francisco State University, San Francisco, California August 2017

- BS Computer Science
- All College GPA: 2.86 SFSU GPA: 3.12

Professional Experience:

Google: Student Ambassador July 2013

- Led a team of 4 individuals to manage various events ranging from 30-200+ in attendance
- Built 4 websites for the Google Helpouts team and an additional website template using PHP, JQuery, HTML, and CSS
- Cofounded an on campus organization acquiring over 100 members in a single semester
- Estimated cumulative total reach for the year was 41,597 individuals measured by social media presence, event attendees, and website analytics

HackingEDU Hackathon: Co-Founder & Director August 2014

- Leading a core team of 10 Google Student Ambassadors; each at a different West Coast university to maximize exposure
- There are 5 sub-teams consisting of a marketing team, an operations team, a corporate sponsorship team, a technical team, and an LA team to manage the estimated 500+ hackathon attendees
- Started this hackathon out of a passion for education and out of a need to manage time by aggregating responsibilities as Google student ambassador, Evernote community lead, and as a student by earning 3 college credits via independent study

Nyentek LLC: Web Developer January 2014

- Developed multiple websites where my focus was full stack development using PHP, Javascript, MySQL, HTML, and CSS
- Maintained and updated client websites, some with a user base of 13,000 users

TED Conferences: Organizer January 2013

- Cofounder of TEDxIUPUI (150 attendees), Core Team TEDxIndianapolis, (1500 attendees), Volunteer with TEDxPurdueU
- Responsibilities included: strategic planning, online marketing campaign, external sponsorship, and event logistics

Evernote: Community Lead March 2014

- Connect different teams to various organizations for product research
- Work directly with the different Evernote teams to create events and workshops to drive product engagement

A Cut Above Landscaping: Entrepreneur & Managing Partner July 2009

- Managed multiple teams each with 3 to 5 man crews to maintain 40+ yards weekly
- Expanded an effective hardscape & retaining wall division increasing revenues by 8% (10k)

Leadership & Activities:

Salesforce \$1M Hackathon: Full Stack Developer October 2014

- Built the web application using Heroku as our server, MongoDB as the database, Bootstrap as our tempting framework, AJAX to transfer data and graph.js for data visualization leading us to a \$5,000 cash prize

Association for Computer Machinery: Vice President January 2014

- Held technical workshops covering topics such as Sublime Text, Github, Google Glass Development, and more each week

APIcon Hackathon: Team Lead & Backend Developer May 2014

- Led a team of 3 developers implementing APIs including Twitter, Wit.ai, and Getty Images leading us to a \$1,000 cash prize
