EDUCATION:

Purdue University, Indianapolis, Indiana   May 2014
- Certificate: Computer Information Technology, Web Development

San Francisco State University, San Francisco, California   August 2017
- BS Computer Science

PROFESSIONAL EXPERIENCE:

Google: Student Ambassador   July 2013
- Led a team of 4 individuals to manage various events ranging from 30-200+ in attendance
- Built 4 websites for the Google Helpouts team and an additional website template using PHP, JQuery, HTML, and CSS
- Cofounded an on campus organization acquiring over 100 members in a single semester
- Estimated cumulative total reach for the year was 41,597 individuals measured by social media presence, event attendees, and website analytics

HackingEDU Hackathon: Founder & Organizer   August 2014
- Leading a core team of 6 Google Student Ambassadors; each at a different Bay Area university to maximize exposure
- Of the 6 core team members, 4 are leading sub teams consisting of a marketing team, an operations team, a corporate sponsorship team, and a technical team to manage the estimated 300-500 hackathon attendees
- Started this hackathon out of passion for education and as part of roles as Google student ambassador, Evernote community lead, and as a student by earning 3 college credits

Nyentek LLC: Web Developer   January 2014
- Developed multiple websites where my focus was full stack development using PHP, JQuery, MySQL, HTML, and CSS
- Maintained and updated client websites, some with a user base of 13,000+

TED Conferences: Organizer   January 2013
- Cofounder of TEDxIUPUI (150 attendees), Core Team TEDxIndianapolis, (1500 attendees), Volunteer with TEDxPurdueU
- Responsibilities included: strategic planning, online marketing campaign, external sponsorship, and event logistics

Evernote: Community Lead   March 2014
- Connect different teams to various organizations for product research
- Work directly with the different Evernote teams to create events and workshops to drive product engagement

Indiana University Purdue University Indianapolis: Leadership Consultant   March 2013
- Led workshops and seminars required for all presidents of student organizations, most with 30+ attendees
- Mentored and advised student leaders

A Cut Above Landscaping: Entrepreneur & Managing Partner   July 2009
- Managed multiple teams each with 3+ man crews to maintain 40+ yards weekly
- Expanded an effective hardscape & retaining wall division increasing revenues by 8% (10k)

LEADERSHIP & ACTIVITIES:

Entrepreneurship Club: Vice President   August 2012
- Held multiple workshops of 20+ individuals. Brought a couple founders who recently received over $500,000 in funding

Association of Computer Machinery: Vice President, Board Member   January 2014
- Held technical workshops covering topics such as Sublime Text, Github, Google Glass Development, and more each week

APIcon Hackathon: Team Lead & Backend Developer   May 2014
- Led a team of 3 developers and connected multiple APIs to our project called Vocaldash leading us to a $1000 cash prize
